

Computer Repair

Authored by: **KB Editor** [knowledgebase@gmavt.net]

Saved From: <http://knowledge.gmavt.net/article/computer-repair-171.html>

Green Mountain Access does not repair computers, but we can point you in the right direction. Below is a partial list of computer repair shops and technicians in Vermont. Green Mountain Access has no affiliation with those listed. We are simply providing this list to our customers as an information resource. We also recommend looking at the Yellow Pages as an additional resource. If you know of a computer shop that is not listed please let us know by e-mailing support@greenmountainaccess.net.
